METHODOLOGY & DATA NOTES

Report scope	This report covers one carboot event only.
Report version	Version 1 (Provisional)
Data cut-off	23 September 2026, 12:52 PM
Applications vs unique vendors	Application counts and unique applicant/vendor counts are separate.
Approved bookings vs attendance	Approved bookings are not labelled as attendance unless verified check-ins are recorded.
Site-day utilisation	Occupied active site-days ÷ available active site-days × 100.
Financial inclusion	Collected booth fees include paid approved invoices and paid withdrawn bookings under the non-refundable withdrawal policy. Pending verification and refunds are shown separately when present.
Missing data	Missing or unavailable metrics are omitted or shown as Not recorded / Not available — never invented as zero.
Provisional / Final	Provisional means the snapshot may still change. Final means the published snapshot for this version is frozen.
